## Professional Summary

---

Java Full Stack Developer with hands-on experience in Core Java, JDBC, Servlets, JSP, Hibernate, Spring, SQL, HTML5, CSS3, and JavaScript. Passionate about clean code, scalable application design, clean code, continuous learning, and enterprise-grade Java/JEE development.

## Technical Skills

---

- **Java / JEE Technologies:** Core Java, JDBC, Servlets, JSP, Java EE, Hibernate, Spring Framework
- **Web Technologies:** HTML5, CSS3, JavaScript, Responsive Design, DOM Manipulation
- **Frameworks & Architecture:** MVC Architecture, Spring IoC, Dependency Injection
- **Databases:** SQL, Relational Database Design, SQL Plus, MySQL
- **Tools & DevOps:** Git, GitHub, Maven, Eclipse, VS Code

## Internship Experience

---

### TANSAM

Jul 2024 – Aug 2024

*Full Stack Developer Intern, Chennai*

- Designed and developed full stack web applications using Java, HTML5, CSS3, JavaScript, and SQL.
- Participated in application testing, debugging, and performance optimization cycles.
- Gained hands-on exposure to enterprise application workflows and end-to-end development lifecycle.

### CodeBind Technologies

Mar 2025 – Apr 2025

*Web Developer Intern, Coimbatore*

- Developed and maintained web modules for a Herbal Homemade Products website using MVC-based architecture.
- Integrated frontend components with backend services and relational SQL databases.
- Used Git and GitHub for collaborative version control and code management.

## Training

---

### Master Java Full Stack Training – QSpiders, Velachery

Jul 2025 – Present

*Full Stack Development Program*

- Comprehensive training in Core Java, JDBC, Servlets, JSP, SQL, HTML5, CSS3, and JavaScript.
- Learning Spring Framework fundamentals including dependency injection, IoC, and enterprise application design.
- Building deployment-ready applications simulating real-world full stack development scenarios.

## Projects

---

### Swiggy Website Clone

- Built a fully responsive Swiggy clone from scratch using HTML5, CSS3, Flexbox, and media queries to ensure seamless layout across mobile, tablet, and desktop.
- Developed Spring Boot REST APIs for user login, restaurant menu, and order placement, integrated directly with the frontend for dynamic data rendering.
- Designed and mapped multiple MySQL tables — User, Restaurant, Menu, and Order — using Hibernate ORM with proper entity relationships.

### E-Commerce Web Application

- Created a responsive e-commerce website with a product listing page, navigation bar, and cart UI that works across different screen sizes.
- Structured the code in a modular way so each feature like product display, filtering, and navigation is handled separately for better readability.

## Education

---

### Annai Vailankanni College of Engineering

2021 – 2025

B.E. Computer Science and Engineering

### St. Mary's Hr. Sec. School

2014 – 2021

Higher Secondary Education (6th – 12th)

## Certifications

---

- 30 Days Full Stack Development MasterClass – NoviTech R&D Pvt Ltd
- One Month Inplant Training – Web Development at CodeBind Technologies
- HTML5: The Language – Infosys Springboard
